Sir:

The Office Action dated November 5, 2007 has been received and duly noted.

At the outset, Applicant's attorney wishes to thank the Examiner for the courtesy extended in the telephone interview regarding the outstanding election requirement. In that teleconference, the Examiner's position was that an election of species requirement necessitated that a single compound be elected. For example, and with respect to Claim 1, that claim sets forth a formula for the alkylpolyalkyleneglycoethersulfates followed by a listing of what the various constituents included in the formula can be. Thus, for example, R¹ can be a C₈- to C₂₀- hydrocarbon radical, p can be an integer from 2 to 5, m can be an integer from 0 to 7, etc.
